

Obstacle Course Quick Reference

Below you will find a list of obstacle course committee members. This serves as reference for those who wish to use the obstacle course under the following circumstances:

1. If you wish to bring a group of cadets numbering less than eight (8) to the obstacle course you may do so without bringing an O-Course Committee member so long as the “Tough One” and “Team Wall” obstacle are not used.
2. If you wish to bring a group of cadets numbering eight (8) or more to the obstacle course to use any obstacles, an O-Course Committee member must be present.
3. If you wish to use the “Tough One” or “Team Wall” obstacles regardless of the size of the group, you must coordinate with an O-Course Committee member.
4. If you wish to use the obstacle course with any civilians, or an outside organization composed of cadets and/or civilians, you must coordinate with an O-Course Committee member. Advance approval by CDR Weaver or MGySgt Jones is required.
5. The O-Course Committee is here as a resource- use it!
