

## Official Individual and Company Photos

Mr. Stevens, a professional photographer, annually comes to take pictures of individual cadets, which are made available for purchase. Similarly, in coordination with individual Corps Companies, he will take and make available, for sale, Company photos.

Beginning in September, Mr. Stevens begins taking individual pictures... starting with the senior class and working his way down to first-year cadets.

All cadets are required to sign-up and come in for a photo session. The photo is taken in the Dress uniform (Blue tunic with white pants).

Approximately two to three weeks after the photo is taken, a package is mailed to the home address for parents to consider whether they would like to purchase photos.

While there are 'set' packages in the mailing, Mr. Stevens (and his wife) can be contacted should a parent or cadet wish to special order some sizes of the photograph.

Company photos are taken after individual photos are completed and must be coordinated by the Company Commander.

Cadets are expected to let parents know when the Company photo has been taken so that if parents or others wish to order copies, they can do so. THERE IS NO MAILING TO THE HOME ADDRESS REGARDING COMPANY PHOTOS.

Company photos are \$15 each for an 8x10. You must know which company your cadet is in when ordering.

Mr. Stevens DOES NOT HAVE A WEBSITE. There are several online photographer sites that have the same name... but do not go to these expecting to order cadet pictures.
